Symrise Beverages

Decoding Drinks, Crafting Desire

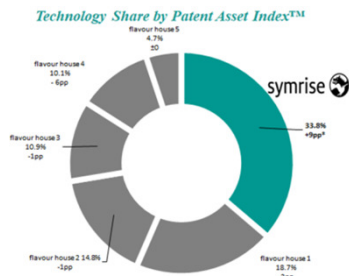

Beverage Solutions

Core strengths of our business

R&D and Innovation

We pride ourselves on our innovation and R&D capabilities shown by us having the highest number of patents within the flavour industry, at 34%, with 200 of these related to production processes.

Knowledge and Expertise

One of our main assets is our employees. They are vital in our strive to continuously improve and be the best we can be as a company enabling us to constantly provide the best support for our customers.

Portfolio

Our extremely diverse portfolio, that we are constantly looking to expand and grow, enables us to work harmoniously with our customers across all their flavour needs and ensures rapid solutions.

Expertise
